

INTERCONTINENTAL®
GENÈVE

STUDIO
powered by imavox

A new space dedicated to
virtual, face to face and hybrid events

with

5 ★★★★★
star
service

Professional Studio

Our large, U-shaped green background is seamless and allows multiple angles to dynamize your content. Our spacious and air-conditioned studio is fully equipped for any kind of production.

Skilled Tech Support

With over 15 years of experience, we provide tailor-made solutions and are constantly exploring new technologies and innovations that will take your project to the next level.

Creative Production

Tap on the skills of our experienced production managers, content creators and designers as we provide you with the best creative content solutions for your virtual and hybrid events, recordings or video productions.

Comfortable Atmosphere

Selected as Switzerland's best business hotel for 3 consecutive years, InterContinental Genève offers the ideal blend of luxury and convenience. The 5 star hotel's exceptional environment is

reflected in its magnificent décor and high-quality food and beverage.

- A dedicated 65 m2 space which can accommodate 40 seated pax (flexible set up if needed up to 300 possible)
- F&B service with welcome coffee, permanent breaks, lunch and dinner options
- other rooms available to welcome your guests or make up your speakers
- 333 rooms including 56 suites if you need to accommodate your guests or speakers at the hotel
- Covered parking spaces

Accessible Location

Smart elegance and a prestigious address, InterContinental Genève is a 18-story tower in the center of the Diplomatic district. The hotel is 3 minute away from the United Nations and the ICCG (International Congress Center) or 10 minutes by public transport from the city center and the airport. The InterContinental Genève is next to the Train Station "Sécheron" and has several bus and tramways connexions.

Half day : CHF 1.580,00
Full day : CHF 2.260,00

Imavox and InterContinental Genève group are very pleased to introduce our studio located in the heart of Geneva. Near to all international facilities, our dedicated space is flexible to any requests and formats. Whether it's recording a clip for your team, holding a virtual meeting or organising a worldwide conference for onsite and remote audience, we are capable of exceeding expectations!

Imavox's very own immersive platform, AIO, has the ability to bring your virtual or hybrid participants together through widgets and interactive modules, all of the tools you need to reach a new level of connectivity.
